Situation Again Enters Critical Stage as Rebels Are Reorganized

BLUEJACKETS ARE LANDED

Public Buildings at Athens and Piræus Are Occupied By Marines From Allied Warships—Bulgars Repulsed By Serbians In Macedonia—Heavy Fighting In Galicia

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 17.—The Greek situation apparently again has entered a critical phase. Following yesterday's advances that the entente powers had formally recognized the provisional government set up by former Premier Venizelos and his followers in the island of Crete, news dispatches from Athens today report a new note of "an extremely grave character," handed the Greek government by Vice Admiral Fournet, commanding the entente fleet, causing King Constantine to return hurriedly to the capital.

Coincident with this the landing from entente warships of more than 1,000 bluejackets who have occupied the railroad stations at Athens and Piræus and various public buildings is reported together with the summoning of an urgent cabinet council.

Concerning the fighting in Greek Macedonia reports the repulse by the Serbians of a Bulgarian counter-attack in the Germa river region, southeast of Monastir and considerable artillery activity. Only patrol activity has developed in the Struma sector.

Heavy fighting continues on the Somme front in northern France. French troops last night again took the offensive north of the river and pushed their way further into the village of Sully-Sailles, on the Peronne-Bapaume road, capturing another group of houses and repulsing a German counter-attack, according to Paris.

In Galicia, southeast of Halicz the Austro-German forces have begun heavy attacks on the Russian lines. Petrograd makes this announcement instancing the launching of assaults in the district north of Kortyniza and in the vicinity of Bolshovitz, five miles north of Halicz, after intensive artillery fire. The fighting apparently still is in progress here. The strong offensive opened by Teutonic troops near the junction of the borders of Rumania, Transylvania and Bukovina has so far been fruitless, according to the Petrograd official bulletin which records the repulse by the Russians of all attacks.

Military Course For College Men Discussed Today

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 17.—Military education for college students, particularly the reserve officers training corps system provided by the new national defense act, was discussed by nearly a score of university and college presidents, meeting here today with war department officials. The presidents obtained explanations on which they will base recommendations of systems of training for their respective institutions.

Representatives of most land grant colleges where military drill already is well developed predicted their schools would institute the four-year course provided by the army act to train junior officers for the regular army reserves. This plan would require the war department to provide equipment and pay for advanced students. Land grant college presidents also were enthusiastic over a proposed course for reserve army engineers. The meeting was called by Secretary of War Baker but in his absence Assistant Secretary Ingram and Major General Hugh L. Scott, chief of staff, presided.

Among those invited was W. O. Thompson, president of Ohio State university.

Greeks Get New Note From Allies; King Interested

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 17.—Vice Admiral Fournet, commander of the Anglo-French fleet in the Mediterranean has handed the Greek government a new note of an extremely grave character, says a dispatch to the Exchange Telegraph Company from Athens, dated yesterday. Following the presentation of the note, King Constantine, it is added, came to the capital in haste from the royal residence at Tatoi.

Pope Appeals To Happy Americans To Aid Belgians

(ASSOCIATED PRESS TELEGRAM)
Rome, Oct. 17.—The pope has made an appeal to the "children of happy and prosperous America" to aid the million and half unhappy children of Belgium. The request of the pontiff is the result of a visit paid him by George Barr Baker of New York, who came to the vatican at the instance of Herbert Hoover, chairman of the American commission for relief of Belgium. Mr. Baker told the pope that the Belgian children were reduced below normal weight and were suffering bodily ill through undernourishment.

He said that tuberculosis was increasingly prevalent and had risen from seven to over 13 per cent. Mr. Hoover proposes to give the children a supplementary daily meal of a cup of chocolate or milk and one sweetened biscuit made with lard. Experience has shown that this addition to their diet will maintain their condition at normal and will restore those already weakened. The cost of this meal is three cents for each child daily and Mr. Hoover hopes to obtain the assistance of the American Catholic clergy in enlisting the American children in relief work.

FRENCH

POLITICAL METHODS WILL BE RE-MOULDED AFTER THE WAR SAYS BRIAND.

Country In The Future Will Demand A More Concentrated Direction Of Its Business.

(ASSOCIATED PRESS TELEGRAM)
Paris, Oct. 17.—The re-moulding of French political methods after the war, resulting in a concentration of government, is predicted by Premier Briand, according to a conversation the premier has had with friends, which is recapitulated in the Figaro by Alfred Capus, the dramatist and member of the French academy. He quotes the premier as saying:

"I do not pretend to do more than sketch the main outline. As the result of lessons which it cannot escape, I believe our country will resume instinctively the notion of direct counsel and authority. There will be this difference, that, while under past regimes this authority was imposed upon it historically and by custom, today it is the country itself which demands it from its elected representatives as well as a more firm and concentrated direction of its business. You understand I am not speaking for myself. I am thinking of the next group of politicians, who will be in power. They are bound to come on the scene with a fresh outlook and, less bound by opinions and doctrines, will submit themselves more easily to experience. Our present political methods are not at all damaged by the war. They simply require to be revised, re-moulded and readapted. I am convinced, for example that the spirit born of the war is about to clash with the spirit of parochialism and that it will break it. There will be substituted the notion of public welfare which has been lost in what one might call the pulverization of efforts. What will be wanted will be the concentration of effort in the general interest.

"In my opinion, the need of tomorrow is to concentrate instead of disperse and you cannot imagine with what good will universal suffrage will accept these principles. I believe it is ready to do so now. The war has put in a state of receptivity and it remains only to speak of it clearly and frankly and to re-awaken it to a realization of its own condition."

Farmers' Meeting At Indianapolis Is To Hear Program

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, Ind., Oct. 17.—Governor Ralston and Mayor Bell are to deliver addresses of welcome to the 1,500 farmers and delegates interested in the advancement of agriculture when the farmers' national congress convenes today for its 36th annual meeting. Every section of the United States is represented. Men of national reputation in agricultural circles are listed as speakers.

President H. E. Stockbridge, of Atlanta is to deliver his address in the morning. Colonel E. A. Stevens, of New Jersey will discuss "The Financial and Administrative Schemes of Road Building." Dr. J. H. Squires of Wilmington, Del., also will speak.

PASSENGER MEN DISCUSS HANDLING OF STATE TROOPS.

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 17.—Lessons learned during the recent mobilization of the national guard were discussed by the American Association of Passenger Traffic Officers, at its annual meeting, which began a three days' session here today. It was said the speed with which cars are furnished and troop trains dispatched was "generally very satisfactory" and reforms planned for future mobilizations were minor.

Most of the discussion was of technical administration problems and Alexander Hilton of St. Louis, president of the association declared the eight-hour law would not be a topic.

POWERS

Can't Agree on Relief for Poland Offered by President Wilson

ALL RULERS REPLY TO NOTE

King's and Emperors Quibble Over Terms Governing Distribution of Supplies While People In War Ridden Country Go Hungry and Cold—President Regrets Failure of Plan

(ASSOCIATED PRESS TELEGRAM)
Long Branch, N. J., Oct. 17.—President Wilson announced today that his efforts to bring about an agreement among belligerent nations to allow relief supplies to be sent to Poland had failed.

The president gave out a statement saying he had received replies from the rulers of Great Britain, France, Russia, Germany and Austria-Hungary to a letter he sent in July suggesting that those nations combine to assist in Polish relief work.

The statement follows: "I have now received replies from the King of England, the President of France, the Emperor of Russia, the Emperor of Germany and the Emperor of Austria, to my letter of July 20, 1916, in which I tendered the offices of this government in negotiations looking to a fresh consideration of the possibility and method of relieving Poland. It appears, I greatly regret to say, that there are still important differences between the allied and Central Powers as to the terms under which relief supplies may be sent to Poland. I am disappointed that I have not yet been successful in inducing the powers to conclude a definite settlement."

The letter sent by the president to the various nations, made public today is as follows: "In view of the overwhelming disaster which has befallen the millions of non-combatant inhabitants of Poland, I feel justified by the universal and earnest expression of the sympathies of the American people, regardless of racial origin or political sentiment, to suggest to your majesty that the subject of ways and means for saving of those people who still survive be given the further benevolent consideration of your majesty's government."

"While no one can fail to appreciate the suffering and sacrifices of the people primarily engaged in the existing war, nor the difficulties in the way of alleviating the hardships of those who are the incidental sufferers of the war, the slow or rapid starvation of millions of innocent people is so awful a fact that such an outcome be averted if it is within the compass of human effort to avert it. In the effort to avert it I confidently pledge the co-operation of the people of the United States if only the way can be found to make their co-operation effective."

"May therefore be permitted to suggest that an entirely fresh consideration be given to the possibilities and efforts for relief for Poland, and to tender the friendly offices of this government in negotiations to that end, it being understood that any plan proposed shall be of such a character as to be adapted to the accomplishment of no other right than that of the relief of the distressed inhabitants of Poland."

"In conclusion I can only add that it is my sincere hope that your majesty will see in this note no intention to interfere with the rights and policies of your majesty's government, but merely an attempt to express to your majesty the sympathy and compassion for the starving inhabitants of Poland, felt by the citizens of the United States—a sympathy and compassion which they do not desire shall be evidenced merely by our word but which they hope they may be permitted to express by assisting in the actual work of furnishing food to the starving inhabitants of Poland."

"I have the honor to be, your majesty, faithfully yours."

NEW YORK SCHOOLKIDS ARE TAUGHT TO CARE FOR THE PENNIES

Depositors in New York school children's bank.

The board of education of the city of New York has instituted a bank wherein the school children of the city are depositors. Believing that the encouragement of thrift in youngsters is a good service, the board of education is teaching them to look after the pennies and when they are older they will have dollars that will care for themselves.

HUGHES ATTACKS UNDERWOOD BILL IN SOUTH DAKOTA

(ASSOCIATED PRESS TELEGRAM)
Mitchell, S. D., Oct. 17.—Charles E. Hughes today assailed the administration for the Underwood tariff, which he declared to be inadequate for the agricultural interests of the nation. Mr. Hughes spoke before a crowd of farmers in the corn palace here.

"Our opponents reaffirm in their platform the principle of tariff for revenue only and endorse the Underwood act," Mr. Hughes said. The nominee read the democratic platform plank this connection, quoting the phrase applying to the tariff as "providing sufficient revenue for economical administration."

"Now let us look at the figures of imports and of revenue," Mr. Hughes continued. "In the fiscal year ending June 30, 1913, under the Payne Aldrich tariff, our imports were \$1,806,000,000 and our tariff revenue was \$319,000,000. In the fiscal year ending June 30, 1916 under the Underwood tariff, our imports had increased to \$2,197,000,000 but our tariff revenues had fallen to \$212,000,000. Think of that. A vast increase in imports and vast decreases in revenue. Our opponents furnished neither economy of administration nor the revenue for an economical administration."

"Our opponents arraigned the Republican party for extravagance and then proceeded to make a new American record for extravagance themselves. Now we propose economical administration of government. We propose that public moneys shall not be spent to pay political obligations, that streams without water shall not be developed for commerce, that there shall be no pork barrel legislation."

WHEAT ADVANCES 7 CENTS; BRITISH ACTION IS FELT

(ASSOCIATED PRESS TELEGRAM)
Chicago, Oct. 17.—Wheat prices made an excited leap upward today 7 1/8 cents a bushel as the result of a general stampede to buy. It was said export transactions amounted to more than 1,500,000 bushel and that the British government appeared to be making every effort to cheapen the cost of handling American wheat, notably in the direction of cutting down freight rates on the Atlantic.

STRIKERS' DEMANDS AGAIN REFUSED BY OIL COMPANIES

(ASSOCIATED PRESS TELEGRAM)
Bayonne, N. J., Oct. 17.—The demands of the striking Standard Oil employees were again refused today when a committee, representing the strikers conferred with George Hennessey, superintendent of the Standard Oil Company's main plant. Superintendent Hennessey informed the committee, it was reported, that he would deal with them when they dropped their wage demands. He said the company was ready to grant or arbitrate the other demands regarding working conditions and rearrangement of hours.

TEUTONS IN HEAVY COUNTER-ATTACKS AGAINST RUSSIANS.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Oct. 17, via London.—Teutonic troops are heavily counter-attacking the Russian lines in the region southeast of Lemberg. The war office announced today. The attacks were launched after bombardments of great intensity in the district north of Kortyniza and near Polshovise, five miles north of Halicz. The Russians took fifty prisoners and one machine gun during the fighting.

TEACHERS' RIGHT TO ORGANIZATION BEFORE COURT

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 17.—The supreme court today consented to review the case of the Winous Point Shooting club against Earl Slaughterbach and others, coming from Ottawa county, involving the question of the right of private fishing and hunting clubs to bar the general public from fishing and hunting on the non-navigable bays and estuaries of Lake Erie.

The supreme court overruled a motion to hear the case of Edith A. Platt against the city of Akron. She is seeking damages against the city on account of the death of her husband, Charles A. Platt, who was electrocuted by a live wire while working for the city.

John A. Cline, representing the Cleveland Federation of Labor appeared before the supreme court today in support of the contention of Cleveland labor organizations that school teachers should have the right to belong to a labor union and opposing the action of Superintendent J. M. H. Fredericks and the board of education in seeking to prevent school teachers from organizing. D. C. Westenhaver represented the board of education.

AMERICA FIRST AMONG FRIENDS OF THE FRENCH

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 17.—Lieut. Stephane Lauzanne, formerly editor of the Paris Matin, is here on a mission for the national committee of L'Effort de la France et des Allies, which has been formed to develop friendship between France and her allies and with her friends. In the latter class, Lieut. Lauzanne says the United States stands first. He intends to make a tour of the United States as far as the Pacific coast and to remain in this country at least six months.

There are three reasons why France is grateful to the United States, says the lieutenant. There are 100 American aviators in the French army of whom two have been killed and four decorated with the war cross for bravery under fire; the American ambulance which there are two hundred at work, and the American hospital, which, the lieutenant says, is the finest in France.

The lieutenant announced that a reception in honor of America will be given at the Sorbonne, November 12, when Francis Boultroux will preside and M. Millerand, formerly minister of war, will speak.

AMERICAN LEAGUE CLUBS MADE MONEY; PHILLIES ONLY LOSERS.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Oct. 17.—Prosperity marked the American league season just closed, according to B. B. Johnson, president of the organization. "Only one club in the league lost money," he said, "and some teams practically made up what money they lost through the invasion of the Federal league. Philadelphia is the only club that lost money."

RUSSIANS SUFFER HEAVY LOSSES IN GALICIAN DEFEAT

(ASSOCIATED PRESS TELEGRAM)
Berlin, Oct. 17, via London.—The Russians have suffered a heavy defeat in Galicia, the war office announced today. Repeated attacks were repulsed and trenches on a front of one quarter mile were taken by the Austro-German forces. Nineteen hundred prisoners and ten machine guns were captured.

Attacks of the allies yesterday near Gudecourt on the Somme front broke down under the German fire, the war office announces. The German positions on both sides of the Somme were under heavy artillery fire the whole day.

Wife's All-Night Vigil Saved Man From Big Prison

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 17.—Mrs. Henry Terrell, of Mountville, W. Va., learning that her husband would plead guilty to a burglary charge in the courts here came to Columbus last night and because she had no money she and her two infant children slept on the courthouse steps. Her all night vigil saved her husband from the penitentiary. When Judge Evans heard the story and learned that the man was the sole support of the children, he gave the man a suspended sentence. Terrell was indicted for stealing lead pipe.

OHIO MASONS ARE HOLDING 107TH ANNUAL MEETING

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 17.—Masons from every section of Ohio were in Columbus today to attend the 107th annual meeting of the grand lodge of Ohio. The meeting will end Thursday. It was said the attendance would break all previous records. Today was taken up largely by the registration of representatives. The first formal session will be held tomorrow morning. Most Worshipful Grand Master Frank H. Marquis of Mansfield will preside.

ALLIES SEIZED WARSHIPS; CREWS SENT TO ATHENS.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 17.—The entente allies have taken over the Greek battleships Kilkis (formerly the United States battleship Idaho), the Lemnos (formerly the Mississippi) and the Averoff, says Reuters Athens correspondent. Allied crews were put on board the battleships, the correspondent says, and the Greek crews were landed and sent to Athens.

On Oct. 11, the allies took over the entire Greek fleet except the Kilkis, Lemnos and Averoff. This measure, it was explained unofficially, was intended to insure the safety of the allied fleet, as fears had been aroused of a disturbance at points where the war vessels of the allies were anchored.

STORM ON LAKE DELAYS STEAMER; IS NOT IN DANGER.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 17.—A wireless message from the passenger steamer City of Buffalo, early today related the non-appearance of the ship in port from Buffalo on schedule time. According to the message the boat is hugging the Canadian shore because of a heavy sea but no one is in danger and arrival is promised in Cleveland this afternoon.

ALLIES AFTER BAPAUME

German Official Statement Reviews Action—Most Intense Bombardment Fails to Reduce German Works Enough to Be Captured—Allies Losses Heavy—Corpses Piled High

(ASSOCIATED PRESS TELEGRAM)
Berlin, Oct. 17.—(By wireless to Saville.)—Detailed reports about recent fighting on the Somme front show distinctly that the attacks between Oct. 9 and Oct. 13 are to be reckoned the greatest actions of the whole Somme battle," says the Overseas News Agency. The objectives of these great French and British efforts were Bapaume and Peronne. Moreover numerous hostile attacks of violence were directed against the front from Courcellette to St. Pierre-Vast wood, north of the Somme and between Frenes and Mazancourt, and against Chaulnes, south of the river. Of these engagements those north of the Somme were most severe.

"On Oct. 9, 10 and 11, the main centers of combat were north of Thierval, north of Courcellette near Sully-Sailles and in the vicinity of the St. Pierre-Vast wood. On Oct. 12, a great and well coordinated attack was launched over the whole front from Courcellette to Bouches avenues."

Speaking of the attack on Oct. 12, the news agency says: "The Somme front had thought it impossible that the violence of the artillery fire in the great attack early in October could be exceeded, but nevertheless even this was surpassed. In spite of the terrific hail of iron the British and French did not succeed in reducing the German positions to such an extent that they could be stormed. French and British infantry in compact waves charged the German positions but were speedily brought to a standstill by the German curtain of fire. 'Notwithstanding' their heavy losses, they attempted one attack after another. Near Sully-Sailles six charges were made. All failed, completely with the heaviest losses for the enemy. German infantry left their shelters in the open, shot down the enemy columns with rifles and machine guns."

The effect of the German fire on the French and British, the news agency says, "was simply shocking" and the account continues:

"The Germans had not lost their energy and will notwithstanding days of the heaviest shelling, lack of sleep and the impossibility of obtaining sufficient food on account of the interruption to communication. The enemy displayed remarkable tenacity, but more remarkable was (Continued on Page 2, Col. 3.)

"DRY SPECIAL" WILL INVADE THIS STATE BEGINNING FRIDAY.

MILK PRODUCERS CUT OFF SUPPLY TO GET INCREASE.

(ASSOCIATED PRESS TELEGRAM)
Alliance, O., Oct. 17.—Farmers supplying milk to the creamery at Garfield went on strike today for an increase of from \$1.15 to \$2.25 a hundred pounds. The demand was refused and the creamery was picketed. Not a pound of milk was delivered today. Farmers say they will churn their milk into butter rather than sell at the present price. Late today the striking Garfield milk producers settled their differences with the creamery company. The company agreed to pay \$2. per hundred pounds.

Men of Newark

NO MAN IN LICKING COUNTY HAS A WIDER ACQUAINTANCE AND few, of any, have more friends than Col. William C. Wells, the man who "discovered" Buckeye Lake. Mr. Wells, former merchant tailor, former secretary of the Newark board of trade, for years a member of the Newark board of education, a 100% Newark booster and with a 1,000% batting average as a fisherman, knows every inch of Buckeye Lake and he has a speaking acquaintance with practically all of the fish that dwell therein. Years and years ago (though Colonel Wells is still young in years and still younger in appearance) this man visited Buckeye Lake, then known as the Licking reservoir, and looked into the future far enough to see that body of water a great summer resort. He acquired possession of several islands and much space along the banks of the lake. He erected numerous cottages, several of which he still owns. The past season Col. Wells has been associated with Messrs. Defenbaugh and Fisher, lessees of Buckeye Lake Park and has made it a point to see that park visitors enjoyed themselves. In years past Mr. Wells has given much of his time and money to the development of Newark's industrial interests and no campaign for the advancement of Newark's interests has been complete without his assistance.

PRINTED STORY OF BREMEN'S LOSS: IS ORDERED TO QUIT.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 17.—According to the Vossische Zeitung, says a Reuter dispatch from Amsterdam today, the commander of the second German army corps has forbidden the publication of the Pommeresche Tages Post for printing an article entitled "Destruction of The Bremen," the German commercial submarine. After the article appeared the newspaper received a warning for violating the censorship regulations. It is now established, it is added, that the news of the destruction of the Bremen was incorrect.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 17.—The Amsterdam correspondent of the Exchange Telegraph company wires the following: "Three hundred workmen in a Ghent factory who refused to work in German munition factories in Belgium have been arrested and sent to Germany. Twelve who resisted were shot. The Germans everywhere are forcing the Belgians to work for them particularly on the railroads, their own personnel having given out."

CLERGYMEN TO GET A PRIVATE HEARING BEFORE FORMAL TRIAL

(ASSOCIATED PRESS TELEGRAM)
St. Louis, Oct. 17.—An attempt on the part of the commission on canon to avoid consideration of a proposition that women be eligible as delegates to the house of deputies of the Protestant Episcopal general convention was met in the house today by Robert H. Gardiner, of Gardiner, Me., with a proposition that his original motion for women delegates be placed on the house calendar.

The matter was adjusted by putting on the calendar both the Gardiner resolution and the resolution of the commission of canon that the entire matter be discussed.

The house of deputies adopted a canon providing that when charges are preferred against clergymen, the accused minister be given a hearing before a standing committee before the charges formally are subjected for trial. It was urged in favor of this canon that in some instances clergymen have suffered unjustly from publicity of charges against them.

WOMAN'S BODY IS FOUND: CLEVELAND POLICE MYSTIFIED.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 17.—Police were confronted with a mystery today in the finding of the body of a young woman, about 25 years old, on the banks of Rocky river.

On finding no means of identification on the woman's clothes or body police began an investigation. The one clue that may lead to the identification of the body was a baggage check from a local hotel found in her purse. The fact that the woman's left arm, from the elbow down, is artificial will aid in the identification, police hoped.

An examination of the body failed to reveal any bruises. That suicide may have been the motive was entertained although the possibility of the girl having been murdered was not overlooked by police.

SUICIDE

ATTEMPT MADE BY WOMAN PRISONER IN CELL AT CITY PRISON

Mrs. Mable Rice Fires Bullet Close to Heart—No Matron at Prison to Search Women

Mrs. Mable Rice, aged 27 years, wife of Charles Rice, 28 South Fifth street, today was in a critical condition at the Newark Sanitarium, the result of a gunshot wound, self-inflicted, late last night in the women's ward at the city prison.

Hospital attaches hold out little hopes for the woman's recovery.

Mrs. Rice was arrested shortly after 8:00 o'clock last evening by Patrolman Shaw on charges of stealing a suit case from the Sahadi store in South Second street and intoxication. When she was booked at the city prison she was not searched as there is no matron on duty at the station.

About 11:00 o'clock Jailer Francis heard the report of a gunshot, coming from the vicinity of the cells. Going into the women's ward he found Mrs. Rice lying on a couch. Blood was streaming from a wound just above her heart.

"Water—water—I'm going to die," the woman moaned as the officer reached her side.

Then she lapsed into a comatose state and the officer believing her dead, summoned Coroner W. L. Jackson. When Dr. Jackson arrived on the scene he found the woman alive. Bradley's ambulance was called and Mrs. Rice was hurried to the Sanitarium.

Dr. W. H. Knauss, city physician was called and attended the woman. An examination revealed that the bullet fired from a 38 calibre revolver, had entered the left chest, a fraction of an inch above the heart, passed through the lungs, fractured two ribs, and emerged from the back just above the left shoulder blade.

When the woman regained consciousness at the hospital, she refused to answer any questions put to her by Police Chief Sheridan or the physicians. No motive for her attempt to commit suicide could be learned from the woman.

The attending physician today stated that only time would tell the woman's real condition. While little hope is entertained for her recovery yet there have been cases where an ultimate recovery has been made from injuries of this character.

Mrs. Rice was arrested several days ago on a charge of stealing \$3 from George Speer and later was fined \$1 and costs by the mayor.

Last night Mr. Sahadi reported to the police that a suit case had been stolen from near a door in the rear of his store. A short time later James Jackson, colored was picked up by the officers in connection with the case.

Jackson said he had met the woman in South Second street and that she asked him to carry the suit case for her, giving him "two bits" for his work. When he inquired where to take the suit case, he says, she told him to take it to his home. He did.

A short time later, Jackson told police, Mrs. Rice got the suit case and started downtown. It was then that she was seen by a daughter of Mr. Sahadi, who notified Patrolman Shaw.

The lack of a matron at the city prison to search women prisoners was responsible for the woman's attempt to end her life, as Mrs. Rice was permitted to carry the gun into her cell. Patrolmen are not permitted under the law to search a woman and unless a matron is on duty, the women are locked up without being searched.

Officials point out that there is so seldom an occasion for the services of a matron, that it would hardly pay to keep a matron on duty for the purpose of looking after a woman prisoner, probably once during a month.

"An affair like last night probably wouldn't happen again in years," Chief of Police Sheridan said today. "And it is so seldom we have a woman at the city prison, that no matron has been appointed."

GREATEST

(Continued from Page 1.)
the bravery of the German who not only had to defend positions against superior numbers but were called on to make counter-attacks and expel the enemy wherever he succeeded in gaining a foothold in the German line.

Whole columns of French and British were literally mowed down by the German fire, the news agency says, and in the places where the fighting was fiercest, especially before St. Pierre Vaast wood, barricades of corpses were piled up.

The account continues: "The enemy's attacks abated somewhat on October 12. He concentrated his efforts against Sailly-Sailliesel and St. Pierre Vaast wood as well as the district east of Bouchavesnes.

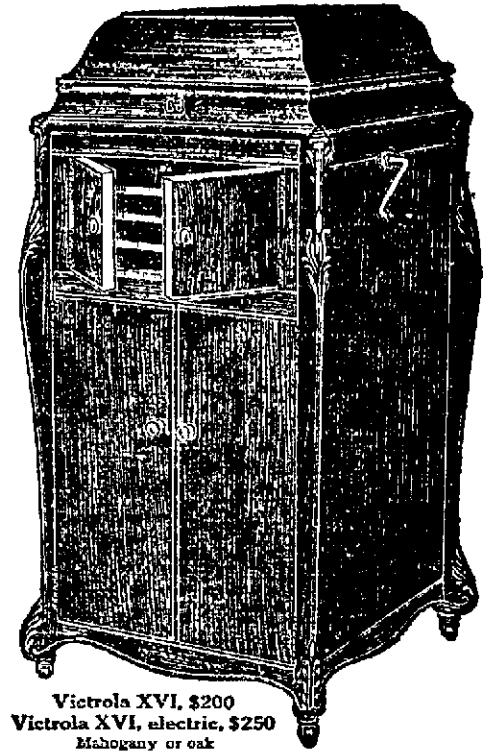

"There is no possible doubt that the enemy attempted to reach a decision with this enormous effort. Especially on Oct. 12 he planned to break through on the largest scale. All prisoners declare that the losses of the enemy, especially those of the British, reached an amount heretofore unknown.

"Efforts of German troops fully confirm this. Prisoners state French infantry companies now number hardly fifty men. The commander in order to stimulate the courage of the troops had alcoholic drinks distributed profusely among them before the charge. This fact shows better than anything else the real morale of the French troops. Prisoners speak of the attack as 'hell on the Somme' and 'useless slaughter.' Under the circumstances it is easily understood why the French and British reports hardly touch on the events of these days or are completely silent in regard to them. The days of October 9 to 13 were first class fighting days. They brought full success to the German arms and complete defeat to the French and British. The tragedy of the Somme seems near a climax."

The instrument that brings you the world's best music

The greatest pleasure that comes from the possession of any musical instrument is to be able to hear at will the world's best music sung and played by the world's greatest artists.

And of all instruments the Victrola alone brings you this exquisite music in all its beauty.

The actual living voices of the most famous singers—Caruso, Destinn, Farrar, Gluck, Hempel, Homer, McCormack, Melba, Ruffo, Schumann-Heink, Scotti, Tetrassini. The superb art of the foremost instrumentalists—Elman, Kreisler, Paderewski, Powell, Zimbalist. The entrancing music of the most celebrated bands and orchestras—Sousa's Band, Pryor's Band, Conway's Band, Vessella's Band, Victor Herbert's Orchestra. The delightful humor of the cleverest comedians—Harry Lauder, Nora Bayes, Raymond Hitchcock.

All this charming music and entertainment is recorded on Victor Records absolutely true to life, and on the Victrola in your own home you hear it exactly as it comes from the lips of the singers and the instruments of the musicians.

Daily demonstrations at all Victor dealers'. Go today and hear the kind of music you like best. The Victor dealer in your neighborhood will gladly play it for you and demonstrate the various styles of the Victor and Victrola—\$10 to \$400.

Victor Talking Machine Co., Camden, N. J.

Important warning. Victor Records can be safely and satisfactorily played only with Victor Needles or Tungs-Tone Stylus on Victors or Victrolas. Victor Records cannot be safely played on machines with jeweled or other reproducing points.

New Victor Records demonstrated at all dealers on the 28th of each month.

A Two-Fold Benefit

When you deposit your savings here in the "OLD HOME" you have all the benefits of saving where your money is protected by first mortgage security and by our reserve of almost one hundred and fifty thousand dollars, and where you get four per cent interest.

And you also get a second benefit which has proven a very practical one to hundreds. You are building up a credit reputation in the very institution which is in the best position to serve you if the day comes, as it does to most men, when you may wish to borrow for home buying or building.

Bear this Two-Fold Benefit in mind in choosing a place of deposit for your savings.

Free Victrola Special Demonstration Week

is now on, but every day demonstrations are given in our store and in any home where desired. By giving this week to this object it is possible to be more liberal and free in putting Victrolas and a nice selection in homes. The Victrola hardly needs more demonstration, its reputation stands like the "Rock of Gibraltar" with a Victrola on top of it, but sharing liberally in the rock's firmness.

The Victrola is backed by a Giant Organization and capital and rich in experience of manufacture of the world's best instrument. This company invented and got the start of several

years in a "hornless machine," and is now the perfect instrument resultant from years of experience, eliminating any defects, while other makers are practical experiments preying on owners of these "talkers."

By noting the names of artists above some idea is given of a few of this great company's artists who sing and play exclusively for the Victor. It's your privilege to hear some of these choice selections in your home, and do not feel under any obligation to buy unless you want to, then you will please us. Come in and see the instruments, we will do the rest.

WHAT THE DOCTOR KNOWS

KIDNEYS MUST BE RIGHT TO INSURE HEALTH.

Few people realize to what extent their health depends upon the condition of the kidneys.

The physicians in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's Disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in one year, in the State of New York alone. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c. and \$1.00.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Newark Daily Advocate.—Advertisement.

PEOPLE PLEASED
WITH ADDRESS
OF MR. MARSHALL

The Marshall-Pomerene meeting held in this city yesterday afternoon and a detailed account of which was given in yesterday's edition of The Advocate, was one of the best political meetings held in this city in a number of years. The large High School auditorium was filled to overflowing, every seat being occupied both in the balcony and on the lower floor. Many were compelled to stand.

Vice President Thomas R. Marshall made a most favorable impression. He was witty and eloquent and at the same time persuasive and impressive. His speeches will have a powerful influence in this campaign and will greatly assist in rolling up a grand plurality for Woodrow Wilson.

Senator Pomerene also made an excellent impression and delivered a ringing address, rebuking Col. Myron T. Herrick for his unjustifiable attacks on the national administration. Both gentlemen left after the meeting, Vice President Marshall for Columbus where an impromptu but enthusiastic meeting was held last evening, and Senator Pomerene for Zanesville. Mr. Marshall speaks in Canton today.

He Bit Deep.

SPRINGFIELD, OHIO

Says No Other Medicine Like Tono-Nerve

Read her signed statement. I was suffering with a general breakdown of my health. I had great distress in my stomach and had no appetite. I did not eat enough to keep a bird alive. I could not do my housework, was losing strength and becoming very nervous. I had tried nearly every medicine I had seen advertised but received no results. I decided to try Tono-Nerve and began to feel results immediately. I do not have that distressed feeling in my stomach. I now have my appetite. My nerves are strong and can do my housework without becoming fatigued. I can recommend Tono-Nerve to all as the best medicine there is.

WHO OWNS THIS
CHINCHILLA COAT?
POLICE HOLD IT

Police today were searching for the owner of a woman's black chinchilla coat which they confiscated last night when a man giving the name of William Leamons was arrested by Patrolman Williams on a charge of peddling and being intoxicated. The man said he was given the coat by another man to peddle. This morning when arraigned in police court, Leamons pleaded guilty to being drunk and peddling. He is being held pending an investigation concerning the coat.

Five plain drunks shared the bill this morning with Leamons and each was fined \$5 and costs.

TRAFFIC CONDITIONS
STUDIED BY C. OF C.;
WILL IMPROVE SERVICE.

John S. Fleck has notified the Chamber of Commerce that the traffic committee of which he is chairman has been actively engaged in studying the needs of the local shippers. Better service and better rates is the object in view which the committee wishes to obtain.

The committee has met three times and also has sent a sub-committee of four men to Columbus to study the methods of the Columbus C. of C. used in their traffic bureau. Information on traffic has also been secured from Canton, O., and Huntington, W. Va., and other cities and when all the information is obtained, the committee expects to begin a study of the local freight rates and condition for the purpose of bettering them.

BIG MILL BURNS.

Coshocton, October 17.—Fire of unknown origin originating in the basement of the Hanley mill about midnight destroyed the three story frame structure with a loss of \$50,000. Of this amount only \$9,000 was covered by insurance according to T. J. Hanley, owner of the mill.

Fireman "Doc" Abbott of the Central station suffered a broken leg with an end of hose and an iron coupling were jerked free of a water plug, while Abbott was making the connection. The left leg was broken just below the knee.

Small fires started in a number of adjoining buildings but were quickly extinguished.

WASHINGTON GLADDEN
WILL SUPPORT WILSON.

Columbus, Ohio, October 17.—Rev. Washington Gladden, dean of Central West ministers tells why he will change his politics this year and vote for Woodrow Wilson. He has voted for all the Republican candidates for President since Lincoln, whose case he compares with that of President Wilson. Four years ago the aged divine was a Progressive.

The Democratic party, he says, is more progressive than the Republican party and better represents ideas and principles of progressives.

His opinion of Judge Hughes was "perceptibly lowered," he says, "when he became a candidate."

C. OF C. DIRECTORS
ELECT 8 MEMBERS;
REPORTS ARE MADE

The directors of the Chamber of Commerce at their regular meeting last night allowed the bills for the month and also obtained the first synopsis of the new Newark Buckeye bulletin and the Newark folder of facts.

Each of the eight chairmen of the various committees reported on the work now under way in their bureaus. Two teams have been competing for the honor of securing members to the Chamber and since September 1, it was reported that 16 new members have been brought into the organization.

The directors elected eight men to the membership in the Chamber. They are: George Heil, L. L. Friedenberg, D. H. Alspach, the Newark Stamping & Foundry company, by Eugene Ball; D. P. McDonald, Dr. H. H. Postle and the Newark Natural Gas company, two members by L. F. Carl.

The treasurer's report for the first six months of the organization showed that a total of \$11,132.22 had been collected. President F. L. Beggs appointed Warren Suter, C. C. McGruder and J. F. Herzog, as an auditing committee to audit the accounts of the Chamber and a report will be made in the next issue of the Newark Buckeye.

In reply to a letter asking that the Ohio Safety First car pay a visit to Newark, the Chamber of Commerce has received a letter stating that the car will be here in the near future. Newark was not on the original itinerary of the train, but the Chamber got busy and the car will be here.

Easy Way to Get Rid of Itching

Don't worry any more about that itching skin-trouble. Just get a jar of resinol ointment and a cake of resinol soap at any drug store. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Choosing Your Shampoo Soap

If you select a soap that contains soothing, healing properties like the resinol balsams in resinol soap, you are not likely to have trouble with dandruff, loss of hair or itching scalp. Ideal for the youngsters' heads.

Russell—McCann.

Announcement of the marriage of Mr. Paul Russell of Newark, to Miss Dorothy Sharp McCann, was formally made at a luncheon given to friends of the bride at her home in Cadiz, O., on Saturday last. The marriage is the culmination of a friendship which began several years ago in the picturesque village of Gambier, O., where the bridegroom was a student of Kenyon College and the bride a student of Harcourt Place school for girls. It ended in the elopement and marriage of the two at New Cumberland, West Virginia, on September 6th last.

The bride is the only daughter of Mrs. Carolyn Sharp McCann of Cadiz, O., and is a graduate of Harcourt School for Girls at Gambier.

Mr. Russell is the son of Mr. and Mrs. W. G. Russell of Woods avenue, this city, and the only brother of Dr. Earl J. Russell. He is a graduate of Newark High school, an alumnus of Kenyon College, and a member of the Masonic order, the Loyal Order of Moose, Beta Theta Pi fraternity and Delta Theta Phi legal fraternity.

The young couple will reside at East Palestine, O., where Mr. Russell is engaged in the practice of law.

Mrs. John Hohl will entertain the members of the Colonial Sewing Circle on Wednesday afternoon at her home in Maple avenue.

Mrs. Fred C. Wright is entertaining the members of the Tuesday Afternoon Bridge club this afternoon at her home in Eddy street.

A number of the members of the congregation of the Tenth Street U. B. church surprised the pastor, Rev. M. R. White at his home on Monday evening, the occasion being his birthday anniversary.

The hours were delightfully spent in an informal way and luncheon was served. Rev. Mr. White was presented with a purse and a handsomely bound Bible.

A very pleasant day was spent at the home of Mr. and Mrs. John Iden north of Gratiot Sunday when friends and relatives gathered to help them celebrate their thirty-second wedding anniversary also the sixty-second birthday of Mrs. Iden's sister, Mrs. Mary Vanhorn of Canton, O.

Mr. and Mrs. Iden are blessed with six children and five grandchildren, all of whom were present. At noon dinner was served and the afternoon spent in music. Those present were Mrs. Mary Vanhorn of Canton, O., Mr. and Mrs. James Smith, and son, James of San Toy, O., Mr. and Mrs. Thomas Brookover of Pleasant Valley, Mrs. Orpha Mason, Mr. and Mrs. John Shaw, Mr. and Mrs. Earl Mason and son Dalton of Gratiot, Mr. and Mrs. Clarence Parr, Mr. and Mrs. Harry Parr and children, Pauline and Kathryn, Mr. and Mrs. Charles Iden and children, Dorothy and Paul of Newark, Mr. and Mrs. Frank Hoskinson and son Harry, Mr. and Mrs. Wm. Frank Bailey.

Frank Bailey, aged 33 years, for many years a well known machinist employed in the local Baltimore & Ohio railroad shops, died early this morning on a train at Chicago Junction, while enroute to Newark from St. Margaret's hospital, in Hammond, Ind. Death was due to complications.

The body will arrive in Newark sometime today and will be taken to the home of a son, Frank Bailey, 660 East Main street. Private funeral services will be held from the Bailey home Thursday afternoon. Friends may view the body Wednesday. Please omit flowers.

Mr. Bailey left this city 15 years ago and went to work in Hammond, Ind. Several years ago he suffered a nervous breakdown and since then had been in very poor health. Several months ago he went to St. Margaret's hospital for treatment. Sunday word was received in this city that his condition was critical and asked that someone be sent to Hammond.

Frank and Roy Bailey, his two sons, residing with Mrs. May, left immediately for their father's bedside. It was decided to bring Mr. Bailey to Newark and the journey was begun last evening.

At Chicago Junction death was successful in its race against the two sons, and the body was taken from the train and taken to an undertaker in that city where it was prepared for burial.

Mr. Bailey was born in Zanesville. He was united in marriage to Miss Mary McLean, in Birmingham, Ala. His wife preceded him in death 17 years ago.

He leaves to mourn his death, his mother, Mrs. Rachel Bailey, of South Pine street, three sons, Ray and Frank of this city, Harry of Akron, and one daughter, Miss Rachel Bailey, of South Pine street, three sisters, Mrs. Mary Ferguson, of Akron, Mrs. Lucy May and Mrs. George Galloway of South Pine street and a brother Edward Bailey, of Brooklyn, N. Y.

Still Coming In.

The county commissioners are still receiving postal petitions from members of the Columbus Auto club, requesting the officials to take early action favoring a new road direct from Hebron to Buckeye Lake park. This morning 350 such postals came in the early mail and have been placed on file. One postal opposed the project.

Some of the cards have notations along the border, one reading: "Please hurry and build the road. I want to meet J. F. Irwin at the park and go fishing with him. J. E. Pitts."

Divorce Petition.

Clara C. Lyon has applied for a divorce from W. Edward Lyon, filing the petition in Clerk Bert O. Horton's office today. It alleges that they were married June 23, 1916, and charges defendant with being guilty of extreme cruelty in that he was cross, ill-tempered and morose and continually finding fault, which fact resulted in their separation on Sept. 30. The plaintiff asks that she be granted a decree and restored to her maiden name of Clara Rankin.

Common Pleas Notes

In common pleas court on Tuesday the court and a jury were engaged in hearing the testimony in the case of Florence Graham vs. Chas. H. Swank, et al. The suit is brought to determine the right to the possession of a number of horses and cows levied upon by the sheriff to satisfy an execution against Robert B. Graham, the husband of the plaintiff. The levy was made upon the personal property as being the property of Mr. Graham, but Mrs. Graham claims that the property does not belong to her husband. The suit grows out of a purchase of an automobile by Mr. Graham, a mortgage being given by him upon the cows and horses to secure a note given for the auto.

MEMORIAL FOR DAYTON LAWYER: BORN IN NEWARK.

Tribute was paid to the late Attorney Oscar M. Gottschall at Dayton by the Montgomery County Bar Association, Monday afternoon. Mr. Gottschall was born at Newark, O., August 14, 1843, and died September 18, 1916, at Dayton. The memorial was marked by the reading resolutions and with the death of Mr. Gottschall was marked the passing of the last survivor of seven distinguished lawyers of Montgomery county who were admitted to the bar together in 1866.

HOW TO REDUCE YOUR WEIGHT

A Simple, Safe, Reliable Way.

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of all of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, and helps digestion. Even a few days treatment has been reported to show a noticeable reduction in weight, foot-steps become lighter, your work seems easier and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.

Every Day Etiquette

"I am slightly acquainted with a couple who are to have a church wedding and an invitation has been sent for the ceremony and not for the reception. In that case is a present necessary?" asked Mildred.

"No gift is required or expected. The church cards are sent to show that you are not forgotten and are to be retained upon the calling list of the bride," answered her mother.

NEWARK MASONS Visit Mt. Vernon With Big Chorus

A party of about 60 Masons went to Mt. Vernon in automobiles Monday evening where the degree team of Newark Lodge No. 97, conferred the master degree in ancient form. The conferring of the degree was made a county event, all the lodges in Knox county being invited to participate and between three hundred and four hundred Masons were in attendance.

Fifteen machines carried the Newark members, and among them were the members of the Masonic chorus of this city. Following the work a luncheon was served.

Granville

[Special to The Advocate]

Granville, Oct. 17.—Roll call by the Travelers' secretary, Mrs. J. E. Megaw, showed a large attendance of active as well as associate members present on Monday afternoon, Oct. 16, in the usual cozy corner of the Baptist church lecture room.

Current events, as given by Mrs. Mary Nichol Jones, proved of timely interest. And the progressive travelers still stopped at Cuzco for a review of the entire South American situation. It was a tremendous undertaking, but the program committee found ample justification in the admirable treatment of two of the greatest topics of the year. "Three Centuries Under the Spanish Crown," as outlined in a 45-minute speech by Mrs. C. E. Goodell was a notable offering, and possibly nothing better has ever been given to the club. Three centuries of turbulence, intolerance, and misrule, were graphically outlined from the conquest and settlement in 1500 through successive stages of its government, its social, industrial and religious conditions, down to the time that the colonies threw off the yoke of Spain in 1810. Mrs. Goodell spoke feelingly of the position of the woman in South America—adored, but servile; a mere chattel. She spoke of the mixing of races—and the deplorable results; of the enslavement of the Indians; of the policy which closed every port against every country of the world save Spain and she closed with an eloquent peroration. "The Rise of New Nations" was treated by Mrs. Anna Campbell in a comprehensive and delightful paper, giving a glimpse of the social and political discontent which began to foment as early as 1790, and which culminated in the Declaration of Independence of South America in 1810. Since that time these mixed races have been striving against odds to establish a republican form of government, but as yet there is no unity. Revolution after revolution has marked the progress of the various states which have set up republics, and the end is not yet. They give one the impression of being still nations in the making, whose types will grow more sharp as the years roll on. Mrs. Campbell has an admirable sense of values and a pleasing address that make her contributions to the programs a pleasure to her hearers.

Pres. C. W. Chamberlain is in Mt. Vernon where he will speak this evening at the Ohio State convention. On Wednesday he will go on to Battle Creek where he has accepted an invitation to speak at the Michigan Baptist State Convention.

Dr. C. L. Williams, head of the English department in Denison, has accepted an invitation to be one of the speakers to address the Monday Talks in Newark this winter. Other prominent men on the course will be President Pierce of Kenyon College and Prof. W. H. Siebert of the history department of Ohio State university.

Mr. and Mrs. J. S. Jones, left last night for Bryn Mawr, there to resume her studies in Miss Wright's school for girls.

Mrs. F. L. Ferguson has gone to Zanesville to spend the day with friends. She will be accompanied home by her mother, Mrs. Mary White, who has been spending a week or two down the Muskingum river.

The funeral of Mrs. William Spellman will be held at the residence in West Elm street Wednesday afternoon, October 18, at 1:30 o'clock. Rev. E. D. Barnes, assisted by Rev. Millard Brelsford, will officiate. Mrs. Spellman, who before her marriage, was Miss Jane Amelia Griffith, was 76 years and five months old. She is survived by a sister, Mrs. Barrett, and a brother, Mr. William Griffith, both of Granville.

Our Boys and Girls

Stammering is due to a particularly nervous temperament, and only very sympathetic treatment can effect a cure. Stammering in a child should receive immediate attention, and the first thing to be done is to improve the little ones health by means of plenty of sleep, fresh air and good food. Every day he should take deep breathing exercises in the open air; these deep, steady inspirations strengthen the muscles of the throat and counteract a spasmodic habit of breathing.

Notice should be taken of the sounds which the little stammerer has the most trouble with, and sentences containing these sounds should be composed for him to repeat each day, very slowly and clearly. He should also be asked to read aloud each day. This exercise should be omitted whenever he seems over-excited or run down in health and it goes without saying that he should never be scolded or laughed at.

Mildred's Boudoir

Little Groomings.

Did you ever stop to consider how important every little detail of the toilet really is? When you sit behind a woman in the street car who has carelessly pinned her collar, do you not long to fix it neatly for her? Have you not walked behind the woman who by all outward appearances is a lady, and suddenly you see a bit of braid dangling loosely from her skirt? Have you not been the observer of buttonless blouses, hookless gappings and careless back hair?

It is the little things that really count in this world. I have always found that an excellent rule to follow is to dress oneself completely when preparing to go out, then just before I step out of the door I give a backward glance in the mirror. Perhaps a thread has caught on my skirt, perhaps a wisp of hair strays out at the back, or maybe there is a tiny hole in the heel of my stocking which I did not notice when dressing, or it is possible that I have too much powder on the tip of my nose.

All these details, though trivial, make or mar a beautiful woman. No woman, however beautiful, can afford to be carelessly groomed. The backward glance is an excellent habit and once you establish them in your mind, you will find lots of flaws in your appearance that you had never thought were there.

"I am slightly acquainted with a couple who are to have a church wedding and an invitation has been sent for the ceremony and not for the reception. In that case is a present necessary?" asked Mildred.

"No gift is required or expected. The church cards are sent to show that you are not forgotten and are to be retained upon the calling list of the bride," answered her mother.

NEWARK MASONS Visit Mt. Vernon With Big Chorus

A party of about 60 Masons went to Mt. Vernon in automobiles Monday evening where the degree team of Newark Lodge No. 97, conferred the master degree in ancient form. The conferring of the degree was made a county event, all the lodges in Knox county being invited to participate and between three hundred and four hundred Masons were in attendance.

Fifteen machines carried the Newark members, and among them were the members of the Masonic chorus of this city. Following the work a luncheon was served.

Granville, Oct. 17.—Roll call by the Travelers' secretary, Mrs. J. E. Megaw, showed a large attendance of active as well as associate members present on Monday afternoon, Oct. 16, in the usual cozy corner of the Baptist church lecture room.

Current events, as given by Mrs. Mary Nichol Jones, proved of timely interest. And the progressive travelers still stopped at Cuzco for a review of the entire South American situation. It was a tremendous undertaking, but the program committee found ample justification in the admirable treatment of two of the greatest topics of the year. "Three Centuries Under the Spanish Crown," as outlined in a 45-minute speech by Mrs. C. E. Goodell was a notable offering, and possibly nothing better has ever been given to the club. If you could look into a million homes

Could you look into one home in every twenty in America and see in all of them a coffee being served that is good enough to make breakfast as happy as this—

If you saw all these homes using the same coffee—

You would never rest until you had tried that coffee.

Your grocer has it for you—

Arbuckle's. It is by far the most popular coffee sold in America today!

Like the women in these million homes, you will find that Arbuckle's has the rich, full flavor you have always wanted.

Until you serve it you will never know how much pleasure coffee can give.

To supply the women of America with their favorite coffee, ships of Arbuckle's Coffee are on the sea every day, bringing coffee from the coffee growing countries to their big plant on the New York waterfront.

October Investments

The seven percent cumulative preferred stocks we recommend for the investment of October funds are seasoned securities with unbroken dividend records. They represent the healthy growth of established industries, not the future hopes or expectations of new enterprises, hastily launched at the crest of national prosperity.

At current prices, these preferred stocks yield 6 3/4 to 7 1/2%, without deduction for taxes in Ohio, or for the nominal federal income tax.

If conservatism and due regard for future safety dictate the commitment of your funds, study our October offerings in detail. We will be glad to send descriptive booklets with financial statements free on application, together with our sixteen-page booklet "The Selection of Investments" which explains the principles on which our success during the past 12 years has been founded.

Chicago, Oct. 17.—Broadening demand at Liverpool and lessened fear of submarine activities gave an advantage today to the bulls in wheat. The opening here, which ranged from 1-4c to 3-4c higher with December and May both at \$1.58 to \$1.58 1/2, was followed by a moderate further advance.
The market close of the day, at gains of 5-8c to 7c net with December at \$1.63 3/8 to \$1.63 1/2 and May at \$1.64 3/8 to \$1.64 1/2.
Corn rose with wheat. Speculators who sold yesterday were the chief buyers. After opening a shade off to 1-4c up the market scored fair general gains.
Closing prices were nervous at an advance of 1-3c to 1-4c to 1-7-8c net.
Oats reflected the upward course of other grain. Offerings were rather scanty.
Higher quotations on hogs lifted provisions. Lard for Oct. delivery went to new top figures.

New York, Oct. 17.—The activity and strength of yesterday's late dealings made further headway at today's opening, leading stocks being confidently taken in large individual lots. United States Steel was the noteworthy feature. Its initial offering comprising 8,000 shares at an advance of a point. Gains of 1 to 3 points were made by Bethlehem Steel, Spring shares, munitions and equipments and the copper, leather

AMERICANS

WIN RELAY EVENTS IN STOCKHOLM TRACK MEET THOUGH STAR WAS DEFEATED.

Loomis and Simpson Win Shorter Races While Bolin, Swedish Star Wins From Meredith.

(Associated Press Telegram)
Stockholm, Oct. 16, via London, Oct. 17.—Ted Meredith, the former American quarter-mile champion, went down to defeat again today, the third day of the International Track and Field contests held here. Meredith was defeated in the 800-metre run by the Swedish star, Bolin. The Americans, however, were not without consolation, as for the second time the American team won the 400-metre relay race while Loomis and Simpson carried off the honors in the 220-metre hurdle. Fred Murray of California being second.

The summaries:
800-metres run.—(\$74 yards, 32 inches)—Bolin, first, 1:58 1/10 seconds. Meredith, second.
400-metre dash.—(65 yards 10 inches)—Loomis first, 6 9/10 seconds. Rustad, Sweden, second; Simpson, third.
400-metres relay.—(437 yards, 16 inches)—American team (Murray, Ward, Loomis and Simpson)—first, 43 9/10 seconds. Scandinavian team second.
220-metres hurdle (240 yards 21 1/4 inches)—Simpson first, 24 4/10 seconds. Murray second.
At the close of the contests the prizes were distributed by Ira Nelson Morris, U. S. minister to Sweden, who also donated one of the prizes.

ZANESVILLE HAS BEST CHANCE TO DEFEAT LOCALS.

Newark high football team will face the stiffest proposition it will have to encounter this season, when it meets Zanesville high at White Athletic Field, Saturday afternoon, in that the locals will be outweighed by the visitors, to a man. The game will be called at 2 o'clock.

Zanesville high will on Saturday afternoon place its spotless record this season against the locals record of no defeats. And one of the records is almost sure to be broken.

Newark has been improving rapidly under the instructions of Coach Milliser and has shown to a greater advantage in each game, so will present a remarkable strong lineup against the boys from the river town. Zanesville, too, has a strong team and is considered one of the main contenders for football supremacy of Central Ohio high school teams.

The visitors will have the best chance for victory Saturday of any in several years against the local school, according to football dope. But so far this season Newark High has upset the dope made on them previous to the opening of the season and may repeat again Saturday.

Zanesville so far this season has scored 1333 points to their opponents nothing, and they are coming to Newark with the determination not to allow Coach Milliser's aggression to get familiar with their record.

Accidents to male employees in Pennsylvania in 1915 resulted in 1188 fatalities, 7215 serious injuries and 52,782 minor injuries, which did not result in disability for a period longer than 30 days.

Markets

and motor stocks. Some heaviness was shown by industrial alcohol, international paper, crucible steel and Baldwin locomotive.

Gains were irregularly reduced in the profit taking of the early advance, some stocks falling under yesterday's final quotations. The setback did not go far however, fresh buying on a larger scale soon resulting in another upward swing which carried important issues well above initial high levels. Reading was prominent in this movement, also West Union, sugars, fertilizers, motors and subsidies, with General Motors at the record price of 79.

Minor falls and industrials principally Rock Island and Southern railway, various paper issues, and American Woolen were 2 to 7 points higher with appreciable gains in Petroleum. Bonds were firm.

Steel and other leaders yielded one to two points in the further realizing of the final hour but secondary specialties made greater gains. The closing was irregular.

Today's operations were characterized by unusual breadth and activity, dealings assuming the very large proportions of the past few weeks.

PENNSY LINES TO BE CONSOLIDATED; STOCKHOLDERS VOTE

(Associated Press Telegram)
Pittsburgh, Oct. 17.—Stockholders of the Pittsburgh, Cincinnati, Chicago and St. Louis Railroad company here today adopted by almost unanimous vote the agreement for the merger and consolidation of the Vandalia railroad company, the Pittsburgh, Wheeling and Kentucky railroad company, the Chicago, Indiana and Eastern railroad company, the Anderson Belt Line railway company and the Pittsburgh, Cincinnati, Chicago and St. Louis railroad company. Nearly ninety per cent of the total outstanding stock was represented at the meeting which was presided over by J. Deniston Lyon of Pittsburgh.

The effect of the consolidation will be to group into the organization the railroads in the Pennsylvania system between Pittsburgh and St. Louis, and, according to its officials, will strengthen and fortify the company as a common carrier. It is also planned to develop tributary territory with probable economies of management, accounting and general operation.

Marines and Their Fingers.

Men with long, tapering "piano" fingers are apt to desert after short service, while those having stubby digits, denoting stability of character and utter lack of the artistic temperament, usually stand by their oaths and make the best marines, according to finger print experts at headquarters of the United States marine corps. Although desertions from the corps are light at all times, it has been found that actors, sign writers and, strange to say, waiters furnish the largest number of deserters. Records, including finger prints, of all men enlisted in the marine corps are kept at headquarters for purposes of identification, and there are cases on record where bodies with finger tips intact have been positively identified through the finger print medium.

Future New Additions Must Be Improved; Council Hears Gas Fund Bill Second Time

An ordinance providing that new additions offered in the future must have all streets, sidewalks and sewers improved, before council will approve and accept them was passed at Monday night's meeting of the city council by a 5-4 vote though a number of councilmen speaking against the bill, thought that the clause, requiring all streets to be paved, was too severe. Its author, Frank Knauber, declares the bill will save the city thousands of dollars in the future, besides much trouble in cases where property owners have trouble agreeing about improvements.

Councilman Beadle's resolution, authorizing the settlement of the gas rate case, now pending in the United States supreme court and dividing the escrow fund fifty-fifty with the gas company, the latter to use its share for improving the service here, was read the second time but no effort was made by its "daddy" to secure its adoption on suspension of rules.

A large number of citizens who remained throughout the lengthy meeting, left as soon as this measure was reached, indicating that the public is more than interested in what action council will take on the proposition.

A few minutes before council went into session a committee from the Trades and Labor Assembly conferred with council members behind closed doors. The assembly has been active against the proposed division of the escrow fund in the gas case. This matter was discussed by the committeemen and councilmen. It was said after the conference that the resolution would never be adopted.

Service Director Christian, Auditor Dodd, Solicitor Norpell and Engineer Wells were in the council chamber when council was called to order at 8 o'clock. All members of council were present.

A report by the finance committee, submitting a list of the bids for city bonds was read. The report recommended that the \$76,500 bond issue be awarded to Fifth-Third National Bank of Cincinnati upon their bid of \$1250.78.

The street committee recommended that a water main be laid in Pond street.

The law committee, reporting on the petition of firemen asking for increased pay, recommended that a committee of firemen confer with the council finance committee. It was pointed out that a deficiency of \$9,000 will exist January 1 and this must be paid from the \$12,000 in-

crease given by the budget commission which will not be available until next summer.

Engineer Wells reported that he had completed plans for an intercepting sewer to take care of dry weather sewage from sewers now discharging into Raccoon creek. The cost is estimated at \$5,701. He estimated the cost of a sewer in West Main street, Raccoon Creek to Sixth street at \$2,889.80.

Residents in Mt. Vernon road, north of Charles street ask for the construction of a brick pavement in that street. It was referred to the public service committee.

Thirteenth street property owners north of Main street asked for the extension of water mains for fire protection. It was referred to the service committee.

An ordinance by Mr. Seward prohibiting the burning of leaves or rubbish on asphalt or Tarvia pavement, was given three readings and passed.

An ordinance by Mr. Alexander, authorizing the audit and mayor to borrow \$9,000 in anticipation of the December tax collection to take care of the deficit in the safety department, was passed on suspension of rules.

Mr. Seward's ordinance, authorizing Service Director to contract for the use of the property of Anna Gorman for dumping ground purposes, was passed on suspension of rules as an emergency measure, the old contract having expired Oct. 13.

Mr. Knauber's ordinance regulating the acceptance of new additions, on third reading, was passed. Messrs. Adams, Alexander, Seward and Stasel voted against the measure, while Messrs. Beadle, Curry, Keyes, Knauber and Shirer voted in favor of it.

A resolution authorizing the payment of \$100 to Daniel Jones and \$57.50 to Amelia Fisher as damages for change of grade in the alley from Fourth to Fifth street which recently was paved, was adopted.

Mr. Alexander's resolution authorizing the payment of old safety department bills, was adopted on suspension of rules.

Mr. Seward's resolution to transfer \$1,500 in the service fund for street purposes, was adopted.

A resolution by Messrs. Knauber and Adams to make plans for sewers was adopted. Mr. Alexander's resolution for the sewer in West Main street was adopted.

Mr. Beadle's resolution to settle the gas case now pending in United States Supreme court was read the second time.

(From Advocate, Oct. 17, 1891.)
The reception last evening given by Mr. and Mrs. Henry D. Cordray, from 5 to 8 o'clock, and followed by a dancing party in honor of their son, Lieut. David Rice Cordray, was one of the most delightful of Newark's many pleasant assemblies.

Mrs. Abram Flory left this afternoon for Clinton, Henry county, Mo., where she will make an extended visit with her daughter, Mrs. Cyrus Wilson. She was accompanied by her daughter Mrs. Ellis Jones and two little children.

Mr. Harry Swisher, of Swisher Brothers cigar factory, and their foreman, Mr. George W. Coulter, left Saturday on a business trip to Wisconsin.

Yesterday afternoon a fire broke out in one of the straw racks at the paper mill. An immense volume of smoke was seen pouring forth but the fire was soon extinguished.

Miss Jessie Smucker left for Atlanta, Ga., yesterday.

NO APPETITE, NO ENERGY, BILIOUS?

Want Quick Relief? Take a Wineglassful of Wonderful Tollo Water

Your liver is fairly begging for help! Too much rich food and not enough exercise upsets the stomach and clogs the bile tubes in the liver, causing constipation, biliousness, bad breath, coated tongue, jumpy nerves, sleeplessness and a general run-down feeling.

Get a 15-cent bottle of TOLLO WATER from the drug store—drink a third of a tumblerful in a glass of plain water before breakfast. In half an hour it will flush out the bile tubes—really bathe the liver, expel the sour bile and fermenting waste from the system and make you feel fine.

TOLLO WATER comes from Dawson Springs, the Kentucky health resort. It does not act like drugs and oils but flushes the stomach, liver and bowels in Nature's way.

Universal Safety Is The Slogan For Safety Council

(Associated Press Telegram)
Detroit, Oct. 17.—With "Universal safety" as its slogan, the National Safety Council began its fifth annual safety congress here today. The sessions will continue through Friday.

The council is composed of fifteen sectional organizations, and includes in its membership officials of industrial concerns and railroads and several state commissioners of labor and industry. Measures tending to greater safety in mills, factories, mines, railroad and marine occupations, and in the home and public places are to be discussed at sectional meetings to be held during the congress.

Last Night's Show.

The burlesque companies of the American Wheel are making a big hit in this city judging from the capacity audiences which greet them every Monday. The matinee yesterday afternoon was the largest of the five companies which have played here, the house being patronized almost exclusively by women. At the night performance a record-breaking crowd was in attendance and standing room was at a premium. Manager Penberg being compelled to close the doors shortly after the curtain raised.

Newark is getting the same burlesque shows which play Columbus, Toledo, Cleveland, Detroit, Akron, Canton, Chicago, Kansas City, St. Paul, in fact all the large cities of the country. Only four one-night stands are played in Ohio, Newark, Zanesville, Canton and Steubenville. Several one nighters are played over the Penn circuit.

It is said there is some criticism

on the burlesque shows now playing in this city and Chief of Police Sheridan and Safety Director Cecil Bigbee were in attendance Monday evening to "look it over." The latter stated to Manager Penberg that he had received a complaint from a woman whose husband would not take her with him to the entertainment, stating that it was no place for her to go.

Safety Director Bigbee stated that he intended appointing a censor board of five members to pass on the shows and that the managers would have to act on their suggestions and either trim or cut the show as they recommended. Such a course would be ridiculous and would cause the city to become the laughing stock of the state. The burlesque companies are a little risqué at times, and the city administration should be able to cope with them without calling in the services of a "board of censors." I am within the scope of the police department to eliminate certain features if they are objectionable and this can be done without calling for assistance from the outside.

The musical reviews, extravaganzas and operettas as presented by the burlesque form an entertainment which seems to have struck the popular fancy in many cities, Newark included. If there are those who do not look with favor upon such entertainment, it is their privilege to remain away. On the other hand the capacity houses indicate that a large number favor such entertainments, and they are entitled to some consideration.

On next Monday "Beauty, Youth and Folly" will be the bill and it will include a number of specialties including the Alpine Trio and posing by Mlle. Davenport and company.

The combination of Lada, the most famous of the present generation of American dancers, and the Russian Symphony Orchestra, with Modest Altschuler as conductor, is proving to be one of the most potent attractions in the musical world, and it is matter for congratulation that through the enterprise of Mr. Penberg, Lada and the orchestra will be brought to the Auditorium tonight.

From the very outset of the tour praise absolutely unqualified has been bestowed on these artists and their appearance here will constitute one of the most important happenings of the season. Their first joint concert was given at the Playhouse, Wilmington, Del., last May and for this performance The Morning News had this to say:

"The Russian music one looks for the wild, the barbaric, in the Caucasian sketches these were wonderfully brought out last night, by the Russian Symphony Orchestra, under Modest Altschuler, at the Playhouse. These sketches have been played here before this winter by the Philadelphia Orchestra, but with all due regard to Leopold Stokowski, the interpretation last night was more barbaric, more colorful, more vibrant, than the earlier performances. In the works of Ivanoff, Altschuler feels more vividly than Stokowski the true temperament of the Steppes and with a swifter tempo huris us into the mad antics of the Cortège."

Mabel Taliaferro, the fascinating and talented little star, will be seen

on the screen here at the Auditorium tomorrow in "God's Half Acre," one of the prettiest and most charming stories ever presented in the silent drama. The story deals with a little girl named "Blossom," the servant in an aged folks' home known as "Rainbow's End." The kindly old inmates call her "The Angel of Rainbow's End," as she is forever administering to their wants and their comforts. A well-known novelist comes to the home to get material for a certain chapter in a book he is writing. But once he becomes acquainted with "Blossom" he soon finds himself writing her into his book, and she becomes the central character. The story is handled in a pleasing and unusual manner, and there are many surprises and tense situations. This feature together with the last chapter of Billie Burke in "Gloria's Romance", will be the program for Wednesday.

"A Little Girl in a Big City," by James Kyle MacCurdy will be the attraction at the Auditorium next Thursday afternoon and evening.

It is a story of New York life and recies the experiences of an innocent young girl from a small country town who comes to the great metropolis in search of a position. The play was originally produced at the Gotham Theatre, New York, where it is said to have met with great success and it portrays vividly and faithfully the many dangers that are ever present to tempt the young and unsophisticated from the straight and narrow path. A complete and very beautiful scenic production is carried and an excellent company of players is promised by the management. Seats now selling.

"Beauty, Youth and Folly" James R. Cooper's extravaganza will come to the Auditorium next Monday. It is one of the largest and most lavishly equipped of the many attractions coming here this season. Its offering is more on the lines of spectacular extravaganza than anything that has been seen at the Auditorium, and the personnel of the presenting company indicates that an effort has been made to secure a praiseworthy result in comedy and musical features of the performance. Headed by those gloom dispersers Bert Weston and Minni Harrison and Sarah Hyatt, Charli Ward, Margaret King, Don Trent, Dan Gracey, Katherine Murray, Alpine Trio, Mlle. Davenport & Co., with a large and fascinating chorus, elaborate scenic effects and many laugh provoking travesties you can't afford to miss.

Lyman H. Howe's Travel Festival which comes to the Auditorium, Oct. 20th, can always be relied upon to thoroughly amuse, at the same time imparts much information which could not be derived from any other source.

The program to be presented on the coming engagement will make "Howe's travelers" on a steamer ride through the fjords of Norway, with a side trip to Hammerfest. This series also reveals the famous Midnight Sun, native Laplanders in camp, reindeer drawing odd-looking sleds, and a most remarkable spectacle showing several thousand reindeer in a herd swimming across a wide body of water. In Spain will be witnessed the tower of Giralda, a Roman bridge over one thousand years old, sardine fishermen at work, native types of peasantry and aristocracy ranging from babyhood to old age, etc. Hawaii, the "Paradise of the Pacific," is comprehensively covered, and there will be weird dissolving portraits of famous men, various activities by the splendidly drilled cadets at the West Point Military Academy, fine specimens of nature and fish in the colors of nature, and liberal inter-sprinkling of the amusing comedy cartoons.

Alhambra.
The World Film Corporation, which has been showing the most consistent program of any concern the past year, now comes to the front with "The Velvet Paw," a story of political intrigue, dealing more or less with the child labor problem which took up the attention of Congress the past session, and which a forceful arraignment of the lobbyist evil. With House Peters and Gail Kane in the leading roles, this excellent feature is presented in all its forcefulness and being directed by Maurice Tourneur at the Paragon studio, not a single detail has been left out or a single penny spared in making it complete and accurate in all its details. It will come to the Alhambra theatre on Wednesday and Thursday.

Marie Doro, the brilliant and beautiful Paramount star, who recently created such a success in "Common Ground," will be seen at the Alhambra on Friday and Saturday, in the Jesse L. Lasky production of "The Lash" from the story written especially for her by the noted dramatist, Paul West, and prepared for the screen by George Dubois Proctor. Although at first Miss Doro is seen as a child on a forgotten little island, she quickly blossoms forth into a society favorite, and the theatre-going public will have an opportunity to see her in a number of new and bewitching gowns.

Albert Kreager, 7 year old son of Mr. and Mrs. Joseph Kreager, of South Morris street fell Saturday while at play and broke his left arm in two places. Drs. J. G. Shiver and W. H. Lewis were called and it was necessary to administer an anesthetic to reduce the fractures.

Takes Position Here. Miss Anna Reichert of Washington, D. C. has taken a position in the studio of Photographer Mueller in the Arcade as assistant.

Ill With Fever. George Risher, who has been playing cornet with the band of the Sparks Circus, was taken ill in Georgia and forced to return to Newark. He is ill at his home in Pearl street suffering with malaria fever.

Old Guards. Attention, Old Guards, Co. B. The company will meet at the G. A. R. hall in full uniform at 12:30 p. m. Saturday to go to Mt. Vernon. It is hoped there will be a full turnout of the company. We expect to have a nice time at Mt. Vernon. All old soldiers are invited to go as well as the Relief Corps and the Daughters and Sons of Veterans.—Matt. Bausch, Capt. Co. B.

Proposed Night School. At a meeting of the Newark school board tonight Superintendent Hawkins will recommend the establishment of a night school such as was successfully operated here two years ago.

Newark-Utica Bus. The Newark-Utica bus has been sent to the garage for repairs and will be out of commission for two or three weeks.

The Rotary Club. Prof. E. P. Johnston, teacher of public speaking at Denison university, entertained the members of the Rotary club in a delightful way at today's luncheon with a reading. The club endorsed the proposed public night school, voted to attend the high school in a body next Tuesday afternoon and appointed a committee to arrange for a program on October 31st which will be Ladies' night.

DENTAL STUDENTS AT RESERVE QUIET. MAKE FOUR DEMANDS. (ASSOCIATED PRESS TELEGRAM) Cleveland, Oct. 17.—There were no classes in Western Reserve university dental school today. At a mass meeting last night the students of the institution voted to discontinue their relations with the school until certain requirements, which they say university trustees have overlooked, are complied with. The 200 students demand: That the school be taken over by Western Reserve university in fact as well as in name. That it be recognized by the Ohio state dental board. That more competent instructors be employed. That more demonstrators be obtained for the dental infirmary.

BODY OF AMERICAN AVIATOR TO BE BURIED IN NATIVE COUNTRY. (ASSOCIATED PRESS TELEGRAM) Boston, October 17.—The body of Norman Prince, the American aviator, who was fatally injured last week while operating an aeroplane in a French air raid on Obendorf, will be brought to this country for burial. It was learned today. It was said today that no plans for the funeral would be announced until it was known when the body was expected to arrive in New York.

PRESIDENT SPEAKS IN CHICAGO NEXT THURSDAY NIGHT (ASSOCIATED PRESS TELEGRAM) Toledo, Oct. 17.—President Wilson will leave here tomorrow at 11:00 a. m. for Chicago where on Thursday he will speak three times. He plans to return here at midnight Friday. The Chicago journey will be made by way of Albany and Buffalo and the return trip by way of Pittsburgh. Mrs. Wilson and Secretary Tamm will accompany him.

This will be the president's third trip into the middle west since the campaign started, and he has one more on his speaking program—to Cincinnati, on Oct. 26.

BOWLING TOURNAMENT. (ASSOCIATED PRESS TELEGRAM) Toledo, Oct. 17.—Members of the executive board of the Ohio State Bowling Association will convene in annual session here on Friday and at that time arrangements for the 1917 tournament, which is to be held in Toledo probably some time in February, will be completed.

ON 100-MILE RUN. (ASSOCIATED PRESS TELEGRAM) Milwaukee, Wis., Oct. 17.—Sidney Hatch, veteran long distance runner, completed training today for a 100-mile run from Milwaukee to Chicago. He will start at 8 o'clock tonight with Abe Montverde, a New York runner as pacemaker.

TEUTONS REPULSED. (ASSOCIATED PRESS TELEGRAM) Bucharest, Oct. 17, via London.—Austro-Germans attacks in Transylvania have been repulsed by the Rumanians the war office announced today. The Rumanians are holding their positions west of the frontier.

TIPS NOT GAMBLING. (ASSOCIATED PRESS TELEGRAM) Cincinnati, Oct. 17.—The selling of race tips in this city is not against the law according to an opinion handed down by Judge Bell today in the case of William Burke, who was arrested and charged with promoting a scheme of chance.

STEAMER SUNK. London, Oct. 17.—The British steamship Welsh Prince, 4,334 tons gross and owned in New Castle, has been sunk.

Size of the Roman Empire. According to the historian Gibbon, the Roman empire "was above 2,000 miles in breadth, from the wall of Antoninus and the northern limits of Dacia to Mount Atlas and the Tropics of Cancer; that it extended in length more than 2,000 miles, from the western ocean to the Euphrates; that it was situated in the finest part of the temperate zone, and that it was supposed to contain above 1,000,000 square miles."

According to this, the Roman empire was considerably smaller than the United States, the area of which covering out Alaska and the islands is nearly 3,000,000 square miles, or at most twice as big as was the empire of the Caesars.

Practical Health Hint. The Inattentive Child. Never scold a child who is dull or heedless nor one who seems to refuse to pay attention. Take such a child to a physician for an examination. For many times there will be found explanations for his conduct—his ears may be deaf or filled with impacted wax, which dulls or prevents his hearing. His eyesight may be so defective as to keep him from fixing his gaze upon anything. Children who are normal and well are bright, alert, attentive and responsive. Those who are ill or suffering from disease of the nervous system, some defect of hearing or vision, are unable to do anything as it should be done and deserve pity and never blame.

Origin of Felt. Many centuries ago a poor monk was compelled to travel upon a long and arduous journey. His road was rocky, his sandals were worn, and he suffered agonies as he trudged grimly upon his holy errand. One day as he sat by the wayside resting a sheep came up to him, bleating in the most friendly fashion. The good monk petted the sheep and was grateful for its dumb friendliness, when suddenly he had an inspiration. He took out his sheath knife, sheared two handfuls of wool from the sheep and placed one in the heel of either sandal. That afternoon as he trudged along his feet seemed light, his step springy. The wool took the jar from his spine, the impact of the stony road from his aching, swollen feet.

The next morning as he started out he thought to rearrange the wool padding and discovered that the friction and the movement of his feet in the sandals had reduced the wool to a sort of a cloth. This was a discovered felt, which to this day is one of the most effective substances ever discovered for padding purposes.

MISS FULTON IS PRAISED; SINGS HERE TONIGHT

Miss Zoe Fulton, prima donna contralto who will sing tonight at the Auditorium theatre with the Russian Symphony Orchestra, was last heard at this theatre with the Aborn Grand Opera Company, singing the part of Nancy in the opera "Martha."

Miss Fulton sang with the orchestra in Pittsburgh last Saturday, she being a great favorite with the music loving public of that city. Commenting on her work the Pittsburgh Chronicle-Telegraph says:

"She was heard last night in the always pleasing aria of Saint Saens, 'My Heart at Thy Sweet Voice,' with orchestral accompaniment and as an encore gave the delightful Barcarolle from 'Tales of Hoffman,' also with orchestra. Songs of Strauss, Thomas and Brahms followed in the second part with piano accompaniment. Throughout, the distinctive rich contralto quality of the soloists' voice was agreeably in evidence."

Embarrassing Hairs Can be Quickly Removed

Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.—Adv.

Auto Rolls Down High Embankment Three Are Unhurt

After crashing into a Ford machine driven by John Tyler of Johnstown on the Granville road, Monday afternoon, an Overland machine continued on its way to Newark at full speed, never stopping to investigate the damage done.

Mr. and Mrs. John Tyler and Mrs. Tyler's parents, Mr. and Mrs. John Garabrant of Johnstown, were on their way to Newark. On the Granville road, near the Dugway, the Overland machine going at a high rate of speed, side-wiped the Ford, which overturned in the ditch. The embankment was about twelve feet high and while the machine was badly damaged the occupants escaped without injury of any kind. The front wheel and axle was bent, and the rear wheel was crushed, and the excitement incident to the accident it was impossible to secure the number of the machine which did the damage.

Challenge Made For Open Debate By Women's Bureau

New York, Oct. 17.—The Women's Bureau of the Democratic National committee today challenged the Women's Committee of the National Hughes Alliance to an open debate in New York on or after October 30. The challenge was telegraphed to Miss Frances Keller, chairman of the Hughes Women's committee who is now at Reno with the "golden special" campaign train.

"Democratic women are ready to stand by their convictions and to lay the record of the Democratic administration before any audience," said Mrs. Mary Ware Dennett, the Democratic Women's secretary.

MINISTERS AND LAYMEN CONFER ON EVANGELISM

An interesting conference of the churches of the Presbytery of Zanesville was held Monday afternoon and evening in the First Presbyterian church. About 25 ministers and 75 laymen were in attendance, which practically represented the entire Presbytery. Zanesville Presbytery is composed of forty-five Presbyterian churches, extending as far east as Coshocton and New Concord, south to New Lexington and Rendville, west to Pataskala and north to Fredericktown.

The purpose of the conference was to awaken an enthusiastic evangelistic spirit in the churches of the Presbytery culminating in aggressive personal work and special evangelistic services in each church in the Presbytery.

During the afternoon two separate conferences were held. The one composed of the ministers present was in charge of the Rev. E. B. Shaw of Warsaw and a member of the Presbyterial evangelistic committee. The topics discussed were "Religion in the Home," "Prayer," "Personal, Pastoral and Professional Evangelism," "Knowing Your Field," "How to Arouse the Laity," "Faithfulness to the Life of the Church," &c.

The other conference composed of the laymen was in charge of A. R. Evans of Newark, an elder in the First church. Its slogan was "Meetings in Every Church in the Presbytery for Soul-winning for the Fall and Winter." Among other topics discussed were "The Uniting of the Membership in Evangelistic effort," "Personal Evangelism," "Men's Meetings for Prayer," "Testimony," "Consecration," "Cordiality," "Eliminating Personal Grudges," etc. After an hour and a half of separate conferences they united in an hour's conserving of the results. A fellowship supper was served in the church dining room at 6 o'clock at the close of which a half score of impromptu expressions of appreciation of the helpfulness of the conference and the fellowship were made by an equal number of laymen and ministers, and several musical selections were rendered by a young men's chorus of the First church.

The evening session was held in the church auditorium, the principal feature of which was an inspirational address on evangelism by the Rev. Samuel S. Palmer, D. D., of the Broad Street Presbyterian church, Columbus and a member of the General Assembly's Evangelistic Committee. A period of testimony and consecration brought the conference to a close.

The Presbyterial evangelistic committee had charge of all the arrangements and the conference was presided over by the Rev. Calvin G. Hazlett, chairman of the committee. The other members of the committee are A. R. Evans of this city, Rev. E. B. Shaw of Warsaw, and Rev. A. G. Chapin of Rossville. A series of group conferences throughout the Presbytery will follow, the effects of which will be in evidence, it is claimed, in an awakened spiritual condition in the membership of the churches. The whole effort is expected to culminate in a ten days' simultaneous series of meetings in every church in the Presbytery, closing with a simultaneous communion services in every church on Easter Sunday.

Mother-Made, Quick Acting Cough Syrup

Should be Kept Handy in Every Home—Easily Prepared and Costs Little.

Mother, you'll never know what you are missing until you make up this inexpensive, quick-acting cough syrup and try it. Children love its pleasant taste and nothing else will loosen a cough or chest cold and heal the inflamed or swollen throat membranes with such ease and promptness. It's equally as good for grown-ups as for children.

This splendid cough syrup is made by pouring 2½ ounces of Pinex (50 cents worth), into a pint bottle and filling the bottle with plain granulated sugar syrup. This gives you a full pint—a family supply—of much better cough remedy than you could buy ready-made for \$2.50—a clear saving of \$2.

The moment it touches the inflamed, cold-congested membranes that line the throat and air passages, the healing begins, the phlegm loosens, soreness leaves, cough spasms lessen and soon disappear altogether, thus ending a cough quicker than you ever thought possible. Hoarseness and ordinary coughs are conquered by it in 24 hours or less. Excellent for bronchitis, whooping cough, spasmodic croup, bronchial asthma or winter coughs, it's the best possible. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

An Intercepting Sewer and Disposal Plant for Newark, Subject of Students' Thesis

George Vilas Long of Newark, son of George H. Long, earned the degree of Bachelor of Civil Engineering at Ohio State University this year, taking as subject for his thesis, "A Proposed Intercepting Sewer and Sewage Disposal Plant for Newark, Ohio." Mr. Long's collaborator was another student, Curtis H. Chapman.

The reason the young men took this subject was that they had been informed by City Civil Engineer C. H. Wells that the city soon would have to construct in the near future an intercepting sewer to dispose of the city's sewage into the river east of the city, instead of at present into the north and south forks of the river within the city limits, and they proceeded to give in their thesis what they thought would be the best possible plant, to take care of the sewage of Newark until it became a city of 56,000, estimated in 1950.

The thesis was accompanied with plans, drawings and profiles, made from a personal inspection and casing of all the principal sewers, upon which the author's determination what they considered the size

of the proposed intercepting sewer should be, 42 inches.

The intercepting sewer, according to the young men's plans, would be laid along the creek bed, and intercept the sewage now discharged directly into the creek and conduct it to the proposed sewage disposal plant. Its capacity would be 3,000,000 cubic feet of sewage per day, and was estimated to cost \$38,500.

The purification plant is designed upon the latest information upon that subject, known as the "Imhoff Tank Process," the most successful ever devised and in general use throughout the world.

The sewage from the intercepter first would flow into the Imhoff tanks, where all solids would be removed, and from the tanks into a distributing basin, from which it would be discharged automatically in small amounts to the filter beds, where purification would be made by bacteriological processes.

The distribution would be accomplished largely by automatic apparatus, very little attention being required.

The total cost of the purification plant was estimated to be \$46,000.

Prosperity On Way Before War Started Declares Kearney

Ft. Wayne, Ind., Oct. 17.—Another railroad president has interfered with the plans of the Republican campaign to spread the impression that the Wilson administration has been detrimental to the business interests of the country. While Chairman Lovett of the Union Pacific, and President Underwood of the Erie were strongly upholding the Democratic administration and advocating the reelection of President Wilson, E. F. Kearney, president of the Wabash railroad, was exposing the fallacy of the Republican claims that the present prosperity is temporary and caused by the war. Instead of accepting the theory that a Democratic tariff was ruining the country, President Kearney says:

"Prosperity was on its way before the European war broke out, and the war is not the cause of the great business of the United States, but only helped hasten it. I expect to

see the boom keep up even though the war should end tomorrow.

"The Waasna has done well and the present is the greatest year in its history. The wonderful success that we have had has been encompassed through the loyalty and enthusiasm of the employees along the line."

Electrician Lost Finger; Hand is Badly Lacerated

James D. Haynes, of 215 North Fifth street, an electrician at the American Bottle Company plant, suffered the loss of the index finger of his right hand yesterday when it was caught in a cog wheel attached to a motor. Mr. Haynes was cleaning the motor at the time and was using a rag which caught in the cog and drew his finger into the same. The back of his hand was also badly lacerated and it required 16 stitches to close the wound. Drs. J. G. Shiller and W. H. Lewis amputated the finger. Mr. Haynes will be compelled to carry his hand in a sling for some time.
